25 Liter Round Pot, Short Legs

Shorter legs for use on top of bricks

Plantlogic pots are designed to maximize drainage and oxygen uptake to support healthy roots and plant vigor.

Short Legs (1.2cm/0.47")

- Even with short legs, our pyramid shape base increases airflow underneath.
- Excellent drainage improving rootzone health.

Optional pot anchor

- Give support to the pot by preventing wind and mechanical harvest from pushing over the pot.

Excellent Drainage & Root Ventilation

- 48 holes at the bottom, ensure an excellent drainage and optimum oxygen uptake.
- Pyramid shape breaks water surface tension minimizing wet zone at the bottom.
- High airflow prevents root growth outside the pot, minimizing contact with soil borne pathogens.

Item #1303025
6.6 Gallons

Unique Stacking Design

Allows for compact stacking minimizing shipping cost.

- 11,340* pots per 20' container
 - 23,436* pots per 40' container
 - 27,528* pots per 40' HQ
- *Approximate pot quantity per container.

Plantlogic Lysimeter compatible fits our Large Lysimeter for accurate drainage collection and monitoring.
