

## Metal Stakes for Gutter

Keeps the gutter in place on uneven ground

- M-stake holds the sides of the gutter vertically.
- M-stake ensures constant water flow.
- Made of galvanized metal.
- Compatible with 5 cm / 2" wide gutter.

## Plastic Gutter for Drainage Collection Pots

Keeps ground free of water

- Narrow and cheap gutter designed to collect 100% of the water waste.
- Drainage collection helps control humidity in greenhouses. Save on water, fertilizer and fungicides.
- Prevents contamination of the soil and aquifers due to chemical fertilizers.
- Narrow gutter prevents clotting by dirt and old leaves, making it easier to clean.
