

15
Liter

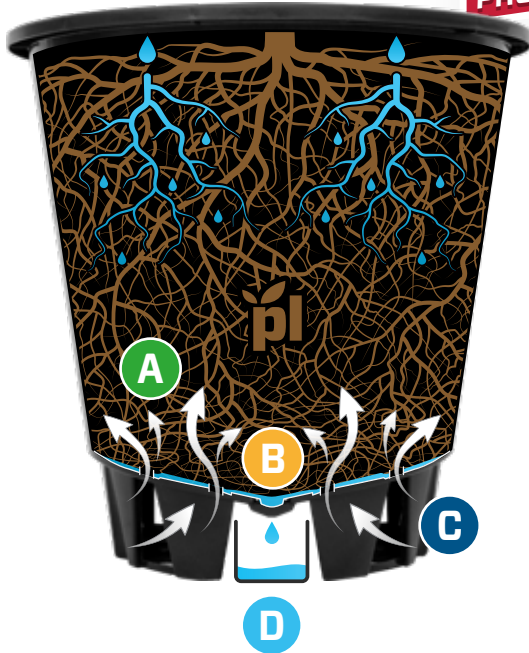

Drainage collection pot

Economic, no drain-to-waste solution.

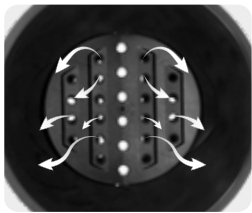

plantlogic

innovative products
for smart growers

**NEW
PRODUCT!**

Dimensions

A Air flow

Non-draining lateral holes allow oxygen uptake in center of root mass, and prevents roots from growing down.

B Excellent drainage

Our unique base design forces water to drain from the center holes, minimizing the wet zone.

C Wide feet

Wide feet promote stability even on soft ground.

D 100% drainage collection

Keeps ground free of water and fertilizer by collecting all drainage into an economical gutter. Avoids debris and algae buildup in gutter.

Available colors:

Black

White

Terracotta
