innovative products
for smart growers

**NEW
PRODUCT!**

Dimensions

A Air flow

Non-draining side holes allow oxygen uptake in center of root mass, and prevents growing down.

B Excellent drainage

Our unique base design forces water to drain from the center holes, minimizing the wet zone.

C Short legs

Ideal for growers who use bricks and need drainage collection.

D 100% drainage collection

Keeps ground free of water by collecting all drainage into an economical gutter, avoiding dirt buildup and algae formation.
