Pot

Item # 1305071

A Hooks for stabilization

Handle easily hooks to trellis wire, stabilizing pots to prevent tipping over of young canes.

B U-Grooves

U-Grooves for better placement of 19-21 mm irrigation pipe sizes.

C Airflow and oxygenation

Non-draining central holes allow oxygen uptake in center of root mass, and prevents roots from growing down.

D Excellent drainage

Pyramid base forces water to drain at the outside edges, minimizing wet zone.

E Tall legs

3 cm tall legs prevent root contact with soil and pathogens.

High cold storage efficiency allows more units per bin.

Easy fit on a single and double channel metal gutter.

Available colors:

Black

White

Terracotta
