

40
Liter

Round pot with U-Grooves

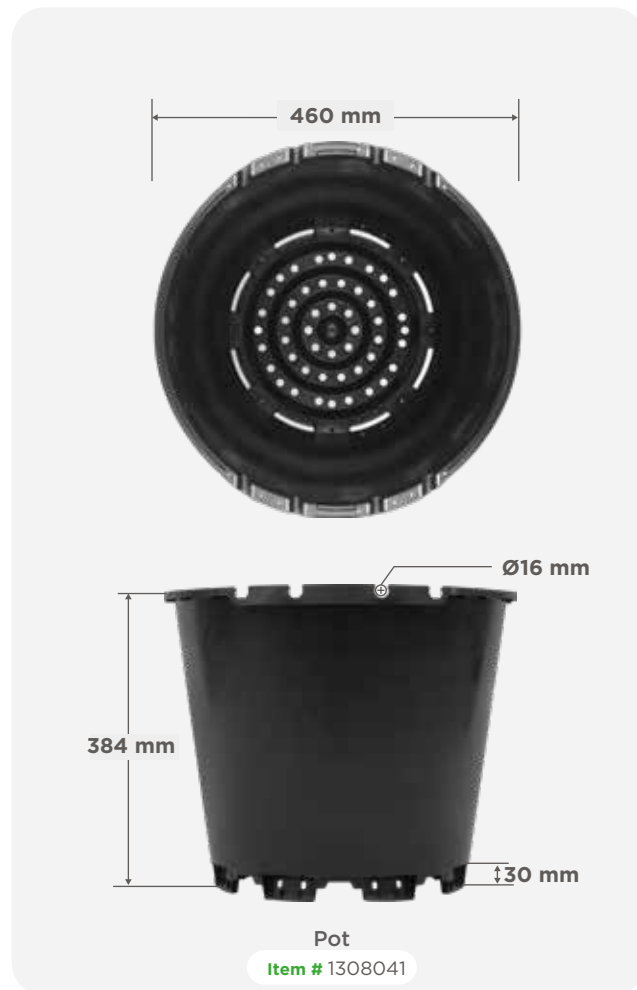

Ideal for substrate production.

plantlogic

innovative products
for smart growers

Dimensions

A U-Grooves

Specially made for better placement of 16 mm irrigation pipes.

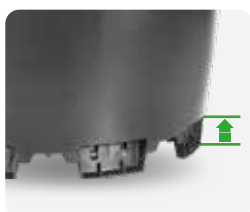

B Air flow

Non-draining holes allow oxygen uptake in center of root mass and prevent roots from growing down.

C Excellent drainage

Pyramid base forces water to drain at the outside edges, minimizing saturated zone; causing drainage into high air flow area, where roots air prune.

D Outward legs with slope

3 cm tall legs prevent sinking, new leg design minimizes substrate loss and buildup on legs.

Available colors:

Black

White

Terracotta
